

Clearfield County Recommendations						
		Voted as a County Priority in County Priorities Survey			\$	\$50,000-\$100,000
		Voted as #1 County Priority in Top Priorities Survey			\$\$	\$100,000-\$250,000
					\$\$\$	Over \$250,000
Number	County	2022 Recommendation	Status	Project Priority	Potential Cost	Supports Active Transportation
B1	Clearfield Jefferson	Identify potential champions or trail groups for the Mahoning Shadow Trail Extension.	Potential	Mid-term	\$	
B2	Clearfield	Pursue grant funding as needed to conduct a feasibility study to identify potential water access points for the Clearfield Creek Water Trail.	Potential	Mid-term	\$	
B3	Clearfield	Seek grant funding if needed to conduct a feasibility study to identify potential water access points for the Anderson Creek Water Trail.	Potential	Mid-term	\$	
B4	Clearfield Jefferson	Coordinate with Headwaters Charitable Trust to conduct a feasibility study for the DuBois to Falls Creek Trail. Seek grant funding if needed to complete the study.	Potential	Short-term	\$	
B5	Clearfield	Identify potential champions or trail groups for the Snow Shoe Rail Trail and its extension.	Potential	Mid-term	\$	
B6	Clearfield	Explore alternative alignments for the Anderson Creek Gorge Trail to avoid rail corridors. Alternatively, create a long-term strategy for rail corridor acquisition or partnership needed for pursuing current desired alignment.	Potential	Mid-term	\$	
B7	Clearfield Jefferson	Seek grant funding if needed to conduct a feasibility study for the Wolf Run Trail to Falls Creek/State Route 219.	Potential	Mid-term	\$	
B8	Clearfield Elk	Design the Treasure Lake Cayman Landing ATV Trailhead (off of Sierra Heights Road). Seek DCNR ATV grant funding to support the master planning process.	In progress	Short-term	\$	
B9	Clearfield	Conduct a feasibility study to identify potential routes for connecting Curwensville Lake Recreation Area and water access point to downtown Curwensville, including connections to local parks such as Irvin Park.	Potential	Short-term	\$	Yes
B10	Clearfield	Complete the recommendations of the feasibility study for the connection of Wolf Creek Rails to Trails to the DuBois Walkway.	In progress	Short-term	\$\$\$	Yes
B11	Clearfield	Improve safety for water trail users at the Shawville Dam portage through the installation of signage or adjustments to the route.	Potential	Short-term	\$\$	
B12	Clearfield	Use signage to improve safety for water trail users at the dam in Clearfield. Coordinate signage plans with the Susquehanna Greenway Water Trail.	Potential	Short-term	\$	
B13	Clearfield	Coordinate with the Susquehanna River Greenway to create a gateway to the West Branch Susquehanna River Water Trail at Cherry Tree.	Potential	Mid-term	\$\$	
B14	Clearfield	Conduct a feasibility study to connect Curwensville town center to the David S. Ammerman Trail/Clearfield to Grampian Trail and emphasize the trail presence in the town center. Seek grant funding if needed to support the study.	Potential	Short-term	\$	Yes
B15	Clearfield Jefferson	Conduct a feasibility study to connect the Punxsutawney Mahoning Shadow Trail to the Rachel Carson Trail. Seek grant funding if needed to support the study.	Potential	Mid-term	\$	Yes
B16	Clearfield	Conduct a county-wide feasibility study for additional water access points along existing water trails. See the table below for locations listed in responses received as of August 2022.	Potential	Mid-term	\$	
B17	Clearfield	Coordinate with involved organizations to support the development of the whitewater park and river access on the West Branch of the Susquehanna River between Curwensville and Shawville with access to Interstate 80. Seek grant funding if needed to support design and construction.	In progress	Short-term	\$\$\$	
B18	Clearfield	Coordinate with DCNR to construct a bridge over Mosquito Creek in Moshannon State Forest to close a DCNR-identified trail gap. Seek grant funding as needed to support implementation.	Potential	Short-term	\$\$	Yes
B19	Clearfield	Seek funding for the restoration of the dam at Shaggers Inn Impoundment in Moshannon State Forest. Consider strategizing related management activities occurring concurrently, such as trail construction/management and other activities supporting recreation.	Potential	Short-term	\$\$\$	No

Locations for Additional Water Access Points Described in Online Map Responses
Explore options for an access at Rolling Stone Road at the West Branch Susquehanna River outside of Sylvan Grove
Explore options for access points along the West Branch Susquehanna River from Clearfield downstream to Clinton County
Explore options for an access at the West Branch Susquehanna River at Cherry Run Bridge or Bower USGS water gauge
Designate the proposed access point between W. River Road and Byers Road along the West Branch Susquehanna River
Formally acquire or develop an agreement with the landowner for the the access area at Millstone Run off of Millstone Road near Egypt
Develop maintenance/access agreement with power plant off of Shawville Croft Highway to formalize water access at T-147 for Shawville Water Trail
Formalize or develop access agreements with property owners at Market Street in Mahaffey
Formalize access at the covered bridge near the intersection of Route 36 and US-219
Designate the proposed access point at the US-219 bridge in Burnside Township
Create fishing access points along US-219 south of Patchinville
Consider additional locations along the West Branch Susquehanna River where possible, particularly towards Clinton County
